

**DROUGHT CONTINGENCY PLAN
FOR
NORTHGATE CROSSING MUNICIPAL UTILITY DISTRICT NO. 1**

**ARTICLE I
POLICY AND, PURPOSE**

Section 1.01: Declaration of Policy, Purpose, and Intent

In order to conserve the available water supply and protect the integrity of water supply facilities, with particular regard for domestic water use, sanitation, and fire protection, and to protect and preserve public health, welfare, and safety, and to minimize the adverse impacts of water supply shortage or other water supply emergency conditions, Northgate Crossing Municipal Utility District No. 1 (the "District") hereby adopts the following regulations and restrictions on the delivery and consumption of water.

Water uses regulated or prohibited under this Drought Contingency Plan (the "Plan") are considered to be non-essential and continuation of such uses during times of water shortage or other emergency water supply condition is deemed to constitute a waste of water which subjects the offender(s) to penalties as defined in Article VII of this Plan.

Section 1.02: Public Involvement

Opportunity for the public to provide input into the preparation of the Plan was provided by the District by means of holding public hearings during regular meetings of the Board of Directors of the District during preparation of the Plan.

Section 1.03: Public Education

The District will periodically provide the public with information about the Plan, including information about the conditions under which each stage of the Plan is to be initiated or terminated and the drought response measures to be implemented in each stage. This information will be provided by means of letters to the residents, notices on the utility bills, placing of signs in the District, or other similar measures, as appropriate.

Section 1.04: Coordination with Regional Water Planning Groups

The service area of the District is located within Regional Water Planning Area H ("Region H") under the Texas Water Plan, and the District will provide a copy of this Plan to Region H.

Section 1.05: Authorization

The Board of Directors of the District, along with ST Environmental Services, Inc. (the District's "Operator"), is hereby authorized and directed to implement the applicable provisions of this Plan upon determination that such implementation is necessary to protect public health, safety, and welfare. The Operator shall have the authority to initiate or terminate drought or other water supply emergency response measures as described in this Plan.

>?./Section 1.06: Application

The provisions of this Plan shall apply to all persons, customers, and property utilizing water provided by the District. The terms "person" and "customer" as used in the Plan include individuals, corporations, partnerships, associations, and all other legal entities.

**ARTICLE II
DEFINITIONS**

For the purposes of this Plan, the following definitions shall apply in addition to the definitions from Article I of the Order Adopting Consolidated Rate Order and Rules and Regulations; Establishing Drought Contingency Plan; Establishing a Wastewater Control Order; Establishing Certain Other Policies; and Providing Penalties for Violation Thereof:

Aesthetic water use: water use for ornamental or decorative purposes such as fountains, reflecting pools, and water gardens.

Commercial and institutional water use: water use which is integral to the operations of commercial and non-profit establishments and governmental entities such as retail establishments, hotels and motels, restaurants, and office buildings.

Conservation: those practices, techniques, and technologies that reduce the consumption of water, reduce the loss or waste of water, improve the efficiency in the use of water or increase the recycling and reuse of water so that a supply is conserved and made available for future or alternative uses.

Customer: any person, company, or organization using water supplied by the District.

Domestic water use: water use for personal needs or for household or sanitary purposes such as drinking, bathing, heating, cooking, sanitation, or for cleaning a residence, business, industry, or institution.

Even number address: street addresses, box numbers, or rural postal route numbers ending in 0, 2, 4, 6, or 8, and locations without addresses.

Industrial water use: the use of water in processes designed to convert materials of lower value into forms having greater usability and value.

Landscape irrigation use: water used for the irrigation and maintenance of landscaped areas, whether publicly or privately owned, including residential and commercial lawns, gardens, golf courses, parks, and rights-of-way and medians.

Non-essential water use: water uses that are not essential nor required for the protection of public, health, safety, and welfare, including:

- (a) irrigation of landscape areas, including parks, athletic fields, and golf courses, except as otherwise provided under this Plan;
- (b) use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle;
- (c) use of water to wash down any sidewalks, walkways, driveways, parking lots, tennis courts, or other hard-surfaced areas;

- (d) use of water to wash down buildings or structures for purposes other than immediate fire protection;
- (e) flushing gutters or permitting water to run or accumulate in any gutter or street;
- (f) use of water to fill, refill, or add to any indoor or outdoor swimming pools or jacuzzi-type pools;
- (g) use of water in a fountain or pond for aesthetic or scenic purposes except where necessary to support aquatic life;
- (h) failure to repair a controllable leak(s) within a reasonable period after having been given notice directing the repair of such leak(s); and
- (i) use of water from hydrants for construction purposes or any other purposes other than fire fighting.

Odd numbered address: street addresses, box numbers, or rural postal route numbers ending in 1, 3, 5, 7, or 9.

ARTICLE III DROUGHT RESPONSE STAGES

Section 3.01. Criteria for Initiation and Termination of Drought Response Stages

The Operator shall monitor water supply and/or demand conditions on a daily basis and shall determine when conditions warrant initiation or termination of each stage of the Plan, that is, when the specified "triggers" are reached.

The triggering criteria described below are based on known system capacity limits. The District will adopt measures for each stage of the Plan as warranted by the triggers. The stages will not necessarily be adopted in consecutive order.

Section 3.02. Stage 1 Triggers -- Mild Water Shortage Conditions

A. Requirements for initiation

Customers shall be requested to voluntarily conserve water and adhere to the prescribed restrictions on certain non-essential water uses, defined in Article II hereof, when the following condition is reached:

When total daily water demand equals or exceeds 80% of the District's available water well capacity (e.g., based on the "safe" operating capacity of water supply facilities), or when the water supply facilities cannot meet or are in danger of not being capable of meeting water supply demand, as determined by the District's Operator.

B. Requirements for termination

Stage 1 of the Plan may be rescinded when the District's Operator determines that all of the conditions listed as triggering events have ceased to exist for a period of 3 consecutive days.

Section 3.03. Stage 2 Triggers --- Moderate Water Shortage Conditions

A. Requirements for initiation

Customers shall be required to comply with the requirements and restrictions on certain non-essential water uses for Stage 2 of this Plan when any of the following conditions occur:

When total daily water demand equals or exceeds 85% of the District's available water well capacity (e.g., based on the "safe" operating capacity of water supply facilities), or when the water supply facilities cannot meet or are in danger of not being capable of meeting water supply demand, as determined by the District's Operator.

B. Requirements for termination

Stage 2 of the Plan may be rescinded when the District's Operator determines that all of the conditions listed as triggering events have ceased to exist for a period of 3 consecutive days. Upon termination of Stage 2, Stage 1 becomes operative, unless otherwise notified.

Section 3.04. Stage 3 Triggers -- Severe Water Shortage Conditions

A. Requirements for initiation

Customers shall be required to comply with the requirements and restrictions on certain non-essential water uses for Stage 3 of this Plan when any of the following conditions occur:

When total daily water demand equals or exceeds 90% of the District's available water well capacity (e.g., based on the "safe" operating capacity of water supply facilities), or when the water supply facilities cannot meet or are in danger of not being capable of meeting water supply demand, as determined by the District's Operator.

B. Requirements for termination

Stage 3 of the Plan may be rescinded when the District's Operator determines that all of the conditions listed as triggering events have ceased to exist for a period of 3 consecutive days. Upon termination of Stage 3, Stage 2 becomes operative, unless otherwise notified.

Section 3.05. Stage 4 Triggers -- Critical Water Shortage Conditions

A. Requirements for initiation

Customers shall be required to comply with the requirements and restrictions on certain non-essential water uses for Stage 4 of this Plan when any of the following conditions occur:

When total daily water demand equals or exceeds 95% of the District's available water well capacity (e.g., based on the "safe" operating capacity of water supply facilities), or when the water supply facilities cannot meet or are in danger of not being capable of meeting water supply demand, as determined by the District's Operator.

B. Requirements for termination

Stage 4 of the Plan may be rescinded when the District's Operator determines that all of the conditions listed as triggering events have ceased to exist for a period of 3 consecutive days. Upon termination of Stage 3, Stage 2 becomes operative, unless otherwise notified.

Section 3.06. Stage 5 Triggers -- Emergency Water Shortage Conditions

A. Requirements for initiation

Customers shall be required to comply with the requirements and restrictions for Stage 5 of this Plan when the Operator determines that a water supply emergency exists based on:

1. Major water line breaks, pump or system failures, or other events which cause unprecedented loss of capability to provide water service; or
2. Natural or man-made contamination of the water supply source(s).

B. Requirements for termination

Stage 5 of the Plan may be rescinded when the District's Operator determines that all of the conditions listed as triggering events have ceased to exist for a period of 3 consecutive days.

Section 3.07. Stage 6 Triggers -- Water Allocation

A. Requirements for initiation

Customers shall be required to comply with the allocation plan prescribed in Article IV of this Plan and comply with the requirements and restrictions for Stage 5 when any of the following conditions occur:

When total daily water demand equals or exceeds 97% of the District's available water well capacity, or when the water supply facilities cannot meet or are in danger of not being capable of meeting water supply demand, as determined by the District's Operator.

B. Requirements for termination

Stage 6 of the Plan may be rescinded when the District's Operator determines that all of the conditions listed as triggering events have ceased to exist for a period of 3 consecutive days.

**ARTICLE IV
DROUGHT RESPONSE STAGES**

Section 4.01. Public Notification

The Operator shall monitor water supply and/or demand conditions on a daily basis and, in accordance with the triggering criteria set forth in Section III of this Plan, shall determine when a mild to moderate, severe, critical, or emergency water shortage condition exists and shall implement the following notification procedures:

A. Notification

Before any notification of the public occurs, the Operator shall notify the Board of Directors of the need to evoke mandatory water conservation procedures.

The Operator shall notify the public by means of:

1. direct mail to each customer,
2. signs posted in public places, or
3. other measures that might be appropriate.

B. Additional Notification

The Operator shall notify directly, or cause to be notified directly, the following individuals and entities:

1. Texas Commission on Environmental Quality (required when mandatory restrictions are imposed),
2. Major water users,
3. Critical water users, i.e. hospitals.

Section 4.02. Stage 1 Response -- Mild Water Shortage Conditions

A. Goal

Achieve a 15 percent reduction in daily water demand to reduce the well motor run time from 18 hours to 14 hours or less.

B. Best Management Practices

1. Reduce flushing of water mains.
2. Notify customers of the implementation of the voluntary water use restrictions by sending the letter attached as Exhibit 1.

C. Voluntary Water Use Restrictions for Reducing Water Demand

The following voluntary water use restrictions shall apply to all persons:

1. Customers are requested to voluntarily limit the irrigation of landscaped areas with hose-end sprinklers or automatic irrigation systems to Sundays and Thursdays for customers with a street address ending in an even number (0, 2, 4, 6 or 8), and Saturdays and Wednesdays for water customers with a street address ending in an odd number (1, 3, 5, 7 or 9), and irrigation of landscaped areas is further limited to the hours of 12:00 midnight until 10:00 a.m. and between 8:00 p.m. and 12:00 midnight on designated watering days. However, irrigation of landscaped areas is permitted at anytime if it is by means of a hand-held hose, a faucet filled bucket or watering can of five (5) gallons or less, or drip irrigation system.

2. All operations of the District shall adhere to water use restrictions prescribed for Stage 2 of the Plan.

3. Customers are requested to practice water conservation and to minimize or discontinue water use for non-essential purposes.

Section 4.03. Stage 2 Response -- Moderate Water Shortage Conditions

A. Goal

Achieve a 20 percent reduction in daily water demand to reduce the well motor run time from 20 hours to 14 hours or less.

B. Best Management Practices

1. Reduce flushing of water mains.

2. Notify customers of the implementation of the water use restrictions by sending the letter attached as Exhibit 2.

C. Water Use Restrictions for Reducing Water Demand

Upon threat of penalty for violation, the following water use restrictions shall apply to all persons:

1. Irrigation of residential landscaped areas with hose-end sprinklers or automatic irrigation systems shall be limited to Sundays and Thursdays for customers with a street address ending in an even number (0, 2, 4, 6 or 8), and Saturdays and Wednesdays for water customers with a street address ending in an odd number (1, 3, 5, 7 or 9), and irrigation of landscaped areas is further limited to the hours of 12:00 midnight until 10:00 a.m. and between 8:00 p.m. and 12:00 midnight on designated watering days. However, irrigation of residential landscaped areas is permitted at anytime if it is by means of a hand-held hose, a faucet filled bucket or watering can of five (5) gallons or less, or drip irrigation system.

2. Irrigation of green belts, common areas, esplanades and sports field shall be limited to Mondays and Fridays between 8:00 p.m. and 12:00 midnight.

3. Use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle is prohibited except on designated watering days between the hours of 12:00 midnight and 10:00 a.m. and between 8:00 p.m. and 12:00 midnight. Such washing, when allowed, shall be done with a hand-held bucket or a hand-held hose equipped with a positive shutoff nozzle for quick rises. Vehicle washing may be done at any time on the immediate premises of a commercial car wash or commercial service station. Further, such washing may be exempted from these regulations if the health, safety, and welfare of the public is contingent upon frequent vehicle cleansing, such as garbage trucks and vehicles used to transport food and perishables.

4. Use of water to fill, refill, or add to any indoor or outdoor swimming pools, wading pools, or jacuzzi-type pools is prohibited except on designated watering days between the hours of 12:00 midnight and 10:00 a.m. and between 8 p.m. and 12:00 midnight.

5. Operation of any ornamental fountain or pond for aesthetic or scenic purposes is prohibited except where necessary to support aquatic life or where such fountains or ponds are equipped with a re-circulation system.

6. Use of water from hydrants shall be limited to fire fighting, related activities, or other activities necessary to maintain public health, safety, and welfare, except that use of water from designated fire hydrants for construction purposes may be allowed under special permit from the District.

7. Use of water for the irrigation of golf course greens, tees, and fairways is prohibited except on designated watering days between the hours 12:00 midnight and 10:00 a.m. and between 8 p.m. and 12:00 midnight. However, if the golf course utilizes a water source other than that provided by the District, the facility shall not be subject to these regulations.

8. All restaurants are prohibited from serving water to patrons except upon request of the patron.

9. The following uses of water are defined as non-essential and are prohibited:

a. wash down of any sidewalks, walkways, driveways, parking lots, tennis courts, or other hard-surfaced areas;

b. use of water to wash down buildings or structures for purposes other than immediate fire protection;

c. use of water for dust control;

d. flushing gutters or permitting water to run or accumulate in any gutter or street; and

e. failure to repair a controllable leak(s) within a reasonable period after having been given notice directing the repair of such leak(s).

Section 4.04. Stage 3 Response -- Severe Water Shortage Conditions

A. Goal

Achieve a 25 percent reduction in daily water demand to reduce the well motor run time from 22 hours to 14 hours or less.

B. Best Management Practices

1. Discontinue flushing of water mains.

2. Notify customers of the implementation of the mandatory water use restrictions by sending the letter attached as Exhibit 3.

C. Water Use Restrictions

All requirements of Stage 2 shall remain in effect during Stage 3 except that except:

1. Irrigation of residential landscaped areas shall be limited to designated watering days between the hours of 12:00 midnight and 10:00 a.m. and between 8 p.m. and 12:00 midnight and shall be by means of hand-held hoses, hand-held buckets, drip irrigation, or permanently installed automatic sprinkler system only. The use of hose-end sprinklers is prohibited at all times.

2. Irrigation of green belts, common areas, esplanades and sports field shall be limited to Mondays and Fridays between 8:00 p.m. and 12:00 midnight

3. The watering of golf course tees is prohibited unless the golf course utilizes a water source other than that provided by the District.

4. The use of water for construction purposes from designated fire hydrants under special permit is to be discontinued.

Section 4.05. Stage 4 Response -- Critical Water Shortage Conditions

A. Goal

Achieve a 30 percent reduction in daily water demand to reduce well motor run time from 24 hours to 14 hours or less.

B. Best Management Practices

1. Discontinue flushing of water mains; discontinue irrigation of public landscaped areas.

2. Notify customers of the implementation of the water use restrictions by sending the letter attached as Exhibit 4.

C. Water Use Restrictions

Under threat of penalty for violation, the water use restrictions of Stages 1, 2 and 3 shall be mandatory and shall remain in effect during Stage 4 except:

1. Irrigation of residential landscaped areas shall be limited to designated watering days between the hours of 6:00 a.m. and 10:00 a.m. and between 8:00 p.m. and 12:00 midnight and shall be by means of hand-held hoses, hand-held buckets, or drip irrigation only. The use of hose-end sprinklers or permanently installed automatic sprinkler systems is prohibited at all times.

2. Irrigation of green belts, esplanades and sports field shall be limited to Mondays and Fridays between 8:00 p.m. and 12:00 midnight

3. Use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle is absolutely prohibited.

4. The filling, refilling, or adding of water to swimming pools, wading pools, and jacuzzi-type pools is prohibited.

5. Operation of any ornamental fountain or pond for aesthetic or scenic purposes is prohibited except where necessary to support aquatic life or where such fountains or ponds are equipped with a re-circulation system.

6. No application for new, additional, expanded, or increased-in-size water service connections, meters, service lines, pipeline extensions, mains, or water service facilities of any kind shall be approved, and time limits for approval of such applications are hereby suspended for such time as this drought response stage or a higher-numbered stage shall be in effect.

Section 4.06. Stage 5 Response -- Emergency Water Shortage Conditions

A. Goal

Restore normal water supply as soon as possible.

B. Best Management Practices

1. Discontinue flushing of water mains; discontinue irrigation of public landscaped areas.

2. Notify customers of the implementation of the water use restrictions by sending the letter attached as Exhibit 5.

C. Water Use Restrictions

All requirements of Stages 1, 2, 3 and 4 shall remain in effect during Stage 5 except (1) irrigation of landscaped areas and (2) use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle are absolutely prohibited.

Section 4.07. Stage 6 Response - Water Allocation

In the event that water shortage conditions threaten public health, safety and welfare, the Operator is hereby authorized to allocate water according to the water allocation plan set forth below. The Operator shall notify the Customers by placing signs at the entrances of all subdivisions in the District, and by sending the letter attached as Exhibit 6.

A. Single Family Residential Customers

The allocation to residential water customers residing in a single-family dwelling shall be as follows:

<u>Persons per Household</u>	<u>Gallons per Month</u>
1 or 2	6,000
3 or 4	7,000
5 or 6	8,000
7 or 8	9,000
9 or 10	10,000
11 or more	12,000

"Household" means the residential premises served by the customer's meter. **"Persons per household"** includes only those persons currently physically residing at the premises and expected to reside there for the entire billing period. It shall be assumed that a particular customer's household is comprised of two (2) persons unless the customer notifies the Operator of a greater number of persons per household on a form prescribed by the District, set forth in Attachment 1 to Exhibit 6. The District shall use its best efforts to see that such forms are mailed, otherwise provided, or made available to every residential customer. If, however, a customer does not receive such a form, it shall be the customer's responsibility to go to the Operator's offices to complete and sign the form claiming more than two (2) persons per household. New customers may claim more persons per household at the time of applying for water service on the form prescribed in Attachment 1 to Exhibit 6. When the number of persons per household increases so as to place the customer in a different allocation category, the customer may notify the District on such form and the change will be implemented in the next practicable billing period. If the number of persons in a household is reduced, the customer shall notify the Operator in writing within two (2) days. In prescribing the method for claiming more than two (2) persons per household, the District shall adopt methods to insure the accuracy of the claim. Any person who knowingly, recklessly, or with criminal negligence falsely reports the number of persons in a household or fails to timely notify the District of a reduction in the number of person in a household shall be fined not less than \$250.00.

Residential water customers shall pay the following surcharges:

- \$3.00 for the first 1,000 gallons over allocation.
- \$4.00 for the next 1,000 gallons over allocation.
- \$5.00 for each additional 1,000 gallons over allocation.

Surcharges shall be cumulative.

B. Master-Metered Multi-Family Residential Customers

The allocation to a customer billed from a master meter which jointly measures water to multiple permanent residential dwelling units shall be allocated 5,000 gallons per month for each dwelling unit. Customers billed from a master meter under this provision shall pay the following monthly surcharges:

- \$2.00 per thousand gallons for the first 1,000 gallons over allocation.
- \$3.00 per thousand gallons for the second 1,000 gallons over allocation.
- \$4.00 per thousand gallons for the third 1,000 gallons over allocation.
- \$5.00 per thousand gallons for each additional 1,000 gallons over allocation.

Surcharges shall be cumulative.

C. Commercial Customers

A monthly water allocation shall be established by the District or each nonresidential commercial customer other than an industrial customer who uses water for processing purposes. The commercial customer's allocation shall be approximately 70% percent of the customer's usage for the previous month. Provided, however, a customer, 70% percent of whose monthly usage is less than 5,000 gallons, shall be allocated 5,000 gallons. It shall be the customer's responsibility to contact the Operator to determine the allocation. Upon request of the customer or at the initiative of the District, the allocation may be reduced or increased if, (1) the designated period does not accurately reflect the customer's normal water usage, or (2) other objective evidence demonstrates that the designated allocation is inaccurate under present conditions. A customer may appeal an allocation established hereunder to the District. Nonresidential commercial customers shall pay the following surcharges:

- \$2.00 per thousand gallons for the first 1,000 gallons over allocation.
- \$3.00 per thousand gallons for the second 1,000 gallons over allocation.
- \$4.00 per thousand gallons for the third 1,000 gallons over allocation.
- \$5.00 per thousand gallons for each additional 1,000 gallons over allocation.

Surcharges shall be cumulative.

D. Industrial Customers

A monthly water allocation shall be established by the District for each industrial customer, which uses water for processing purposes. The industrial customer's allocation shall be approximately, 90% percent of the customer's previous month's water usage. It shall be the customer's responsibility to contact the Operator to determine the allocation, and the allocation shall be fully effective notwithstanding the lack of receipt of written notice. Upon request of the customer or at the initiative of the District, the allocation may be reduced or increased, (1) if the designated period does not accurately reflect the customer's normal water use because the customer had shutdown a major processing unit for repair or overhaul during the period, (2) the customer has added or is in the process of adding significant additional processing capacity, (3) the customer has shutdown or significantly reduced the production of a major processing unit, (4) the customer has previously implemented significant permanent water conservation measures such that the ability to further reduce water use is limited, or (6) if other objective evidence demonstrates that the designated allocation is inaccurate under present conditions. A customer may appeal an allocation established hereunder to the District. Industrial customers shall pay the following surcharges:

- \$2.00 per thousand gallons for the first 1,000 gallons over allocation.
- \$3.00 per thousand gallons for the second 1,000 gallons over allocation.
- \$4.00 per thousand gallons for the third 1,000 gallons over allocation.
- \$5.00 per thousand gallons for each additional 1,000 gallons over allocation.

Surcharges shall be cumulative. As used herein, "block rate" means the charge to the customer per 1,000 gallons at the regular water rate schedule at the level of the customer's allocation.

**ARTICLE VII
ENFORCEMENT**

A. No person shall knowingly or intentionally allow the use of water from the District for residential, commercial, industrial, agricultural, governmental, or any other purpose in a manner contrary to any provision of this Plan, or in an amount in excess of that permitted by the drought response stage in effect at the time pursuant to action taken by the Operator in accordance with provisions of this Plan.

B. Any person who violates this Plan is guilty of a misdemeanor and, upon conviction shall be punished by a fine of not less than two hundred fifty dollars (\$250) and not more than five hundred dollars (\$500). Each day that one or more of the provisions in this Plan is violated shall constitute a separate offense. If a person is convicted of three or more distinct violations of this Plan, the Operator shall, upon due notice to the customer, be authorized to discontinue water service to the premises where such violations occur. Services discontinued under such circumstances shall be restored only upon payment of a re-connection charge, as set forth in the District's Rate Order, and any other costs incurred by the in District discontinuing and re-connecting service. In addition, suitable assurance must be given to the District that the same action shall not be repeated while the Plan is in effect. Compliance with this plan may also be sought through injunctive relief in the district court.

C. Any person, including a person classified as a water customer of the District, in apparent control of the property where a violation occurs or originates shall be presumed to be the violator, and proof that the violation occurred on the person's property shall constitute a rebuttable presumption that the person in apparent control of the property committed the violation, but any such person shall have the right to show that he/she did not commit the violation. Parents shall be presumed to be responsible for violations of their minor children and proof that a violation, committed by a child, occurred on property within the parents' control shall constitute a rebuttable presumption that the parent committed the violation, but any such parent may be excused if he/she proves that he/she had previously directed the child not to use the water as it was used in violation of this Plan and that the parent could not have reasonably known of the violation.

D. The Operator, police officer, or other person(s) designated by the District, may issue a citation to a person he/she reasonably believes to be in violation of this Ordinance. The citation shall be prepared in duplicate and shall contain the name and address of the alleged violator, if known, the offense charged, and shall direct him/her to appear in the Justice of the Peace Court on the date shown on the citation for which the date shall not be less than 3 days nor more than 5 days from the date the citation was issued. The alleged violator shall be served a copy of the citation. Service of the citation shall be complete upon delivery of the citation to the alleged violator, to an agent or employee of a violator, or to a person over 14 years of age who is a member of the violator's immediate family or is a resident of the violator's residence. The alleged violator shall appear in the Justice of the Peace Court to enter a plea of guilty or not guilty for the violation of this Plan. If the alleged violator fails to appear in the Justice of the Peace Court, a warrant for his/her arrest may be issued. A summons to appear may be issued in lieu of an arrest warrant. These cases shall be expedited and given preferential setting in the Justice of the Peace Court before all other cases.

ARTICLE VIII VARIANCES

A. The Operator, may, in writing, grant temporary variance for existing water uses otherwise prohibited under this Plan if it is determined that failure to grant such variance would cause an emergency condition adversely affecting the health, sanitation, or fire protection for the public or the person requesting such variance and if one or more of the following conditions are met:

1. Compliance with this Plan cannot be technically accomplished during the duration of the water supply shortage or other condition for which the Plan is in effect.
2. Alternative methods can be implemented which will achieve the same level of reduction in water use.

B. Persons requesting an exemption from the provisions of this Ordinance shall file a petition for variance with the District within 5 days after the Plan or a particular drought response stage has been invoked. All petitions for variances shall be reviewed by the Operator, and shall include the following:

1. Name and address of the petitioner(s).
2. Purpose of water use.
3. Specific provision(s) of the Plan from which the petitioner is requesting relief.

4. Detailed statement as to how the specific provision of the Plan adversely affects the petitioner or what damage or harm will occur to the petitioner or others if petitioner complies with this Ordinance.

5. Description of the relief requested.

6. Period of time for which the variance is sought.

7. Alternative water use restrictions or other measures the petitioner is taking or proposes to take to meet the intent of this Plan and the compliance date.

8. Other pertinent information.

C. Variances granted by the Operator on behalf the District shall be subject to the following conditions, unless waived or modified by the Operator:

1. Variances granted shall include a timetable for compliance.

2. Variances granted shall expire when the Plan is no longer in effect, unless the petitioner has failed to meet specified requirements.

No variance shall be retroactive or otherwise justify any violation of this Plan occurring prior to the issuance of the variance.

ARTICLE IX END OF DROUGHT CONTINGENCY WATER USE RESTRICTIONS

When the District is able to return to normal water use, the District shall send out the letter attached as Exhibit 8, or otherwise notify the customers of the District of the end of all water use restrictions.

**EXHIBIT 1
TO APPENDIX B**

Northgate Crossing Municipal Utility District No. 1
of
Harris County, Texas
(Drought Stage 1)

(Date)

Dear Customer:

Northgate Crossing Municipal Utility District No. 1 is unable to provide water at the customary levels or pressure.

To ensure that an adequate supply of water is available for drinking and bathing, you are hereby notified that Stage One of the Drought Contingency Plan is now in effect. Stage One includes the following **VOLUNTARY** water use restrictions:

- (a) Irrigation of residential landscaped areas with hose-end sprinklers or automatic irrigation systems shall be limited to Sundays and Thursdays for customers with a street address ending in an even number (0, 2, 4, 6 or 8), and Saturdays and Wednesdays for water customers with a street address ending in an odd number (1, 3, 5, 7 or 9), and irrigation of landscaped areas is further limited to the hours of 12:00 midnight until 10:00 a.m. and between 8:00 p.m. and 12:00 midnight on designated watering days. However, irrigation of residential landscaped areas is permitted at anytime if it is by means of a hand-held hose, a faucet filled bucket or watering can of five (5) gallons or less, or drip irrigation system.
- (b) Irrigation of green belts, esplanades and sports field shall be limited to Mondays and Fridays between 8:00 p.m. and 12:00 midnight.
- (c) Use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle is prohibited except on designated watering days between the hours of 12:00 midnight and 10:00 a.m. and between 8:00 p.m. and 12:00 midnight. Such washing, when allowed, shall be done with a hand-held bucket or a hand-held hose equipped with a positive shutoff nozzle for quick rises. Vehicle washing may be done at any time on the immediate premises of a commercial car wash or commercial service station. Further, such washing may be exempted from these regulations if the health, safety, and welfare of the public is contingent upon frequent vehicle cleansing, such as garbage trucks and vehicles used to transport food and perishables.
- (d) Use of water to fill, refill, or add to any indoor or outdoor swimming pools, wading pools, or jacuzzi-type pools is prohibited except on designated watering days between the hours of 12:00 midnight and 10:00 a.m. and between 8 p.m. and 12:00 midnight.
- (e) Operation of any ornamental fountain or pond for aesthetic or scenic purposes is prohibited except where necessary to support aquatic life or where such fountains or ponds are equipped with a recirculation system.
- (f) Use of water from hydrants shall be limited to fire fighting, related activities, or other activities necessary to maintain public health, safety, and welfare, except that use of water from designated fire hydrants for construction purposes may be allowed under special permit from the District.

(g) Use of water for the irrigation of golf course greens, tees, and fairways is prohibited except on designated watering days between the hours 12:00 midnight and 10:00 a.m. and between 8 p.m. and 12:00 midnight. However, if the golf course utilizes a water source other than that provided by the District, the facility shall not be subject to these regulations.

(h) All restaurants are prohibited from serving water to patrons except upon request of the patron.

(i) The following uses of water are defined as non-essential and are prohibited:

(1) wash down of any sidewalks, walkways, driveways, parking lots, tennis courts, or other hard-surfaced areas;

(2) use of water to wash down buildings or structures for purposes other than immediate fire protection;

(3) use of water for dust control;

(4) flushing gutters or permitting water to run or accumulate in any gutter or street; and

(5) failure to repair a controllable leak(s) within a reasonable period after having been given notice directing the repair of such leak(s).

The Board of Directors appreciates your cooperation and perseverance during this Conservation Condition. Once the Conservation Condition ends, we will notify you and you may then return to normal usage. If conditions should worsen, you will be notified of more stringent restrictions, to ensure the availability of water in your community.

Very truly yours,

Board of Directors

**EXHIBIT 2
TO APPENDIX B**

Northgate Crossing Municipal Utility District No. 1
of
Harris County, Texas
(Drought Stage 2)

(Date)

Dear Customer:

Northgate Crossing Municipal Utility District No. 1 is unable to provide water at the customary levels or pressure.

To ensure that an adequate supply of water is available for drinking and bathing, you are hereby notified that Stage 2 of the Drought Contingency Plan is now in effect. Stage 2 includes the **MANDATORY** water use restrictions set forth below. Any person who violates the water use restrictions set forth below is guilty of a misdemeanor and, upon conviction shall be punished by a fine of not less than two hundred fifty dollars (\$250) and not more than five hundred dollars (\$500). Each day that one or more of the provisions in this Plan is violated shall constitute a separate offense. If a person is convicted of three or more distinct violations of this Plan, the Operator shall, upon due notice to the customer, be authorized to discontinue water service to the premises where such violations occur. Services discontinued under such circumstances shall be restored only upon payment of a re-connection charge, as set forth in the District's Rate Order, and any other costs incurred by the District in discontinuing and re-connecting service. In addition, suitable assurance must be given to the District that the same action shall not be repeated while the Plan is in effect. Compliance with this plan may also be sought through injunctive relief in the district court.

WATER USE RESTRICTIONS

- (a) Irrigation of residential landscaped areas with hose-end sprinklers or automatic irrigation systems shall be limited to Sundays and Thursdays for customers with a street address ending in an even number (0, 2, 4, 6 or 8), and Saturdays and Wednesdays for water customers with a street address ending in an odd number (1, 3, 5, 7 or 9), and irrigation of landscaped areas is further limited to the hours of 12:00 midnight until 10:00 a.m. and between 8:00 p.m. and 12:00 midnight on designated watering days. However, residential irrigation of landscaped areas is permitted at anytime if it is by means of a hand-held hose, a faucet filled bucket or watering can of five (5) gallons or less, or drip irrigation system.
- (b) Irrigation of green belts, esplanades and sports field shall be limited to Mondays and Fridays between 8:00 p.m. and 12:00 midnight
- (c) Use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle is prohibited except on designated watering days between the hours of 12:00 midnight and 10:00 a.m. and between 8:00 p.m. and 12:00 midnight. Such washing, when allowed, shall be done with a hand-held bucket or a hand-held hose equipped with a positive shutoff nozzle for quick rises. Vehicle washing may be done at any time on the immediate premises of a commercial car wash or commercial service station. Further, such washing may be exempted from these regulations if the health, safety, and welfare of the public is contingent upon frequent vehicle cleansing, such as garbage trucks and vehicles used to transport food and perishables.

(d) Use of water to fill, refill, or add to any indoor or outdoor swimming pools, wading pools, or jacuzzi-type pools is prohibited except on designated watering days between the hours of 12:00 midnight and 10:00 a.m. and between 8 p.m. and 12:00 midnight.

(e) Operation of any ornamental fountain or pond for aesthetic or scenic purposes is prohibited except where necessary to support aquatic life or where such fountains or ponds are equipped with a re-circulation system.

(f) Use of water from hydrants shall be limited to fire fighting, related activities, or other activities necessary to maintain public health, safety, and welfare, except that use of water from designated fire hydrants for construction purposes may be allowed under special permit from the District.

(g) Use of water for the irrigation of golf course greens, tees, and fairways is prohibited except on designated watering days between the hours 12:00 midnight and 10:00 a.m. and between 8 p.m. and 12:00 midnight. However, if the golf course utilizes a water source other than that provided by the District, the facility shall not be subject to these regulations.

(h) All restaurants are prohibited from serving water to patrons except upon request of the patron.

(i) The following uses of water are defined as non-essential and are prohibited:

(1) wash down of any sidewalks, walkways, driveways, parking lots, tennis courts, or other hard-surfaced areas;

(2) use of water to wash down buildings or structures for purposes other than immediate fire protection;

(3) use of water for dust control;

(4) flushing gutters or permitting water to run or accumulate in any gutter or street; and

(5) failure to repair a controllable leak(s) within a reasonable period after having been given notice directing the repair of such leak(s).

The Board of Directors appreciates your cooperation and perseverance during this Conservation Condition. Once the Conservation Condition ends, we will notify you and you may then return to normal usage. If conditions should worsen, you will be notified of more stringent restrictions, to ensure the availability of water in your community.

Very truly yours,
Board of Directors

**EXHIBIT 3
TO APPENDIX B**

Northgate Crossing Municipal Utility District No. 1
(Drought Stage 3)

(Date)

Dear Customer:

Northgate Crossing Municipal Utility District No. 1 is experiencing severe water shortage conditions and is unable to provide water at the customary levels or pressure.

To ensure that an adequate supply of water is available for drinking and bathing, you are hereby notified that Stage 3 of the Drought Contingency Plan is now in effect and the **MANDATORY** restrictions set forth in below are now in effect. The Board of Directors is aware of the inconvenience of these severe restrictions, but it is imperative that the water supply not only be available for drinking and bathing but also for fire fighters in the event of a house fire. Any person who violates the water use restrictions set forth below is guilty of a misdemeanor and, upon conviction shall be punished by a fine of not less than two hundred fifty dollars (\$250) and not more than five hundred dollars (\$500). Each day that one or more of the provisions in this Plan is violated shall constitute a separate offense. If a person is convicted of three or more distinct violations of this Plan, the Operator shall, upon due notice to the customer, be authorized to discontinue water service to the premises where such violations occur. Services discontinued under such circumstances shall be restored only upon payment of a re-connection charge, as set forth in the District's Rate Order, and any other costs incurred by the in discontinuing service. In addition, suitable assurance must be given to the District that the same action shall not be repeated while the Plan is in effect. Compliance with this plan may also be sought through injunctive relief in the district court.

WATER USE RESTRICTIONS

- (a) Irrigation of residential landscaped areas shall be limited to Sundays and Thursdays for customers with a street address ending in an even number (0, 2, 4, 6 or 8), and Saturdays and Wednesdays for water customers with a street address ending in an odd number (1, 3, 5, 7 or 9). Irrigation of residential landscaped areas shall be limited to designated watering days between the hours of 12:00 midnight and 10:00 a.m. and between 8 p.m. and 12:00 midnight and shall be by means of hand-held hoses, hand-held buckets, drip irrigation, or permanently installed automatic sprinkler system only. The use of hose-end sprinklers is prohibited at all times.
- (b) Irrigation of green belts, esplanades and sports field shall be limited to Mondays and Fridays between 8:00 p.m. and 12:00 midnight
- (c) Use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle not occurring on the premises of a commercial car wash and commercial service stations and not in the immediate interest of public health, safety, and welfare is prohibited. Further, such vehicle washing at commercial car washes and commercial service stations shall occur only between the hours of 10:00 a.m. and 2:00 p.m. and between 10:00 p.m. and 6:00 a.m.
- (d) Use of water to fill, refill, or add to any indoor or outdoor swimming pools, wading pools, or jacuzzi-type pools is prohibited except on designated watering days between the hours of 12:00 midnight and 10:00 a.m. and between 8 p.m. and 12:00 midnight.

- (e) Operation of any ornamental fountain or pond for aesthetic or scenic purposes is prohibited except where necessary to support aquatic life or where such fountains or ponds are equipped with a re-circulation system.
- (f) Use of water from hydrants shall be limited to fire fighting, related activities, or other activities necessary to maintain public health, safety, and welfare. The use of water for construction purposes from designated fire hydrants under special permit is to be discontinued.
- (g) The watering of golf course tees is prohibited unless the golf course utilizes a water source other than that provided by the District.
- (h) All restaurants are prohibited from serving water to patrons except upon request of the patron.
- (i) The following uses of water are defined as non-essential and are prohibited:
 - (1) wash down of any sidewalks, walkways, driveways, parking lots, tennis courts, or other hard-surfaced areas;
 - (2) use of water to wash down buildings or structures for purposes other than immediate fire protection;
 - (3) use of water for dust control;
 - (4) flushing gutters or permitting water to run or accumulate in any gutter or street; and
 - (5) failure to repair a controllable leak(s) within a reasonable period after having been given notice directing the repair of such leak(s).

Failure to comply with the Water Use Restrictions is deemed a violation of the Drought Contingency Plan and may result in the termination of water and sewer service to your property. Water and sewer service will not be restored until noncompliance is discontinued and a reconnect fee of \$100 is paid.

The Board of Directors appreciates your cooperation and perseverance during this Drought Stage. Once the Drought Stage ends, we will notify you and you may then return to normal usage. If conditions should worsen, you will be notified of more stringent restrictions, to ensure the availability of water in your community.

Very truly yours,
Board of Directors

**EXHIBIT 4
TO APPENDIX B**

Northgate Crossing Municipal Utility District No. 1
(Drought Stage 4)

(Date)

Dear Customer:

Northgate Crossing Municipal Utility District No. 1 is experiencing critical water shortages conditions and is unable to provide water at the customary levels or pressure.

To ensure that an adequate supply of water is available for drinking and bathing, you are hereby notified that Stage 4 of the Drought Contingency Plan is now in effect and the **MANDATORY** restrictions set forth in below are now in effect. The Board of Directors is aware of the inconvenience of these severe restrictions, but it is imperative that the water supply not only be available for drinking and bathing but also for fire fighters in the event of a house fire. Any person who violates the water use restrictions set forth below is guilty of a misdemeanor and, upon conviction shall be punished by a fine of not less than two hundred fifty dollars (\$250) and not more than five hundred dollars (\$500). Each day that one or more of the provisions in this Plan is violated shall constitute a separate offense. If a person is convicted of three or more distinct violations of this Plan, the Operator shall, upon due notice to the customer, be authorized to discontinue water service to the premises where such violations occur. Services discontinued under such circumstances shall be restored only upon payment of a re-connection charge, as set forth in the District's Rate Order, and any other costs incurred by the District in discontinuing and re-connecting service. In addition, suitable assurance must be given to the District that the same action shall not be repeated while the Plan is in effect. Compliance with this plan may also be sought through injunctive relief in the district court.

WATER USE RESTRICTIONS

To ensure that an adequate supply of water is available for drinking and bathing, you are hereby notified that Stage 4 of the Drought Contingency Plan is now in effect. The Board of Directors is aware of the inconvenience of these severe restrictions, but it is imperative that the water supply not only be available for drinking and bathing but also for fire fighters in the event of a house fire. The following **MANDATORY** restrictions are now in effect:

- (a) Irrigation of residential areas shall be limited to Sundays and Thursdays for customers with a street address ending in an even number (0, 2, 4, 6 or 8), and Saturdays and Wednesdays for water customers with a street address ending in an odd number (1, 3, 5, 7 or 9). Irrigation of residential landscaped areas shall be limited to designated watering days between the hours of 6:00 a.m. and 10:00 a.m. and between 8:00 p.m. and 12:00 midnight and shall be by means of hand-held hoses, hand-held buckets, or drip irrigation only. The use of hose-end sprinklers or permanently installed automatic sprinkler systems is prohibited at all times.
- (b) Irrigation of green belts, esplanades and sports field shall be limited to Mondays and Fridays between 8:00 p.m. and 12:00 midnight.
- (c) Use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle is absolutely prohibited.
- (d) The filling, refilling, or adding of water to swimming pools, wading pools, and jacuzzi-type pools is prohibited.

- (e) Operation of any ornamental fountain or pond for aesthetic or scenic purposes is prohibited except where necessary to support aquatic life or where such fountains or ponds are equipped with a re-circulation system.
- (f) Use of water from hydrants shall be limited to fire fighting, related activities, or other activities necessary to maintain public health, safety, and welfare. The use of water for construction purposes from designated fire hydrants under special permit is to be discontinued.
- (g) The watering of golf course tees is prohibited unless the golf course utilizes a water source other than that provided by the District.
- (h) All restaurants are prohibited from serving water to patrons except upon request of the patron.
- (i) The following uses of water are defined as non-essential and are prohibited:
 - (1) wash down of any sidewalks, walkways, driveways, parking lots, tennis courts, or other hard-surfaced areas;
 - (2) use of water to wash down buildings or structures for purposes other than immediate fire protection;

Board of Directors

**EXHIBIT 6
TO APPENDIX B**

Northgate Crossing Municipal Utility District No. 1
Harris County, Texas
(Drought Stage 6)

(Date)

Dear Customer:

Northgate Crossing Municipal Utility District No. 1 is experiencing emergency water conditions and must implement water allocation measures.

You are hereby notified that Stage 6 of the Drought Contingency Plan is now in effect and the **MANDATORY** water allocations and water use restrictions set forth below are now in effect. Any person who violates the water use restrictions set forth below is guilty of a misdemeanor and, upon conviction shall be punished by a fine of not less than two hundred fifty dollars (\$250) and not more than five hundred dollars (\$500). Each day that one or more of the provisions in this Plan is violated shall constitute a separate offense. If a person is convicted of three or more distinct violations of this Plan, the Operator shall, upon due notice to the customer, be authorized to discontinue water service to the premises where such violations occur. Services discontinued under such circumstances shall be restored only upon payment of a re-connection charge, as set forth in the District's Rate Order, and any other costs incurred by the District in discontinuing or re-connecting service. In addition, suitable assurance must be given to the District that the same action shall not be repeated while the Plan is in effect. Compliance with this plan may also be sought through injunctive relief in the district court.

WATER ALLOCATION

RESIDENTIAL WATER CUSTOMERS RESIDING IN A SINGLE-FAMILY DWELLING SHALL BE ALLOCATED WATER AS FOLLOWS:

<u>Persons per Household</u>	<u>Gallons per Month</u>
1 or 2	6,000
3 or 4	7,000
5 or 6	8,000
7 or 8	9,000
9 or 10	10,000
11 or more	12,000

Each residential water customer is deemed to have 2 persons per household unless written notification is provided to the District in Attachment 1. Residential water customers shall pay the following surcharges:

- \$3.00 for the first 1,000 gallons over allocation.
- \$4.00 for the next 1,000 gallons over allocation.
- \$5.00 for each additional 1,000 gallons over allocation.

Surcharges shall be cumulative.

OMASTER-METERED MULTI-FAMILY RESIDENTIAL CUSTOMERS SHALL BE ALLOCATED WATER AS FOLLOWS:

The allocation to a customer billed from a master meter which jointly measures water to multiple permanent residential dwelling units shall be allocated 5,000 gallons per month for each dwelling unit. Customers billed from a master meter under this provision shall pay the following monthly surcharges:

- \$2.00 per thousand gallons for the first 1,000 gallons over allocation.
- \$3.00 per thousand gallons for the second 1,000 gallons over allocation.
- \$4.00 per thousand gallons for the third 1,000 gallons over allocation.
- \$5.00 per thousand gallons for each additional 1,000 gallons over allocation.

Surcharges shall be cumulative.

COMMERCIAL CUSTOMERS

A monthly water allocation for commercial customers, other than an industrial customer, shall be approximately 70% percent of the customer's usage for the previous month. Provided, however, a customer, 70% percent of whose monthly usage is less than 5,000 gallons, shall be allocated 5,000 gallons. It shall be the customer's responsibility to contact the Operator to determine the allocation. Commercial customers shall pay the following surcharges:

- \$2.00 per thousand gallons for the first 1,000 gallons over allocation.
- \$3.00 per thousand gallons for the second 1,000 gallons over allocation.
- \$4.00 per thousand gallons for the third 1,000 gallons over allocation.
- \$5.00 per thousand gallons for each additional 1,000 gallons over allocation.

The surcharges shall be cumulative. As used herein, "block rate" means the charge to the customer per 1,000 gallons at the regular water rate schedule at the level of the customer's allocation.

INDUSTRIAL CUSTOMERS

The industrial customer's allocation shall be approximately, 90% percent of the customer's previous month water usage. It shall be the customer's responsibility to contact the Operator to determine the allocation, and the allocation shall be fully effective notwithstanding the lack of receipt of written notice. Industrial customers shall pay the following surcharges:

- \$2.00 per thousand gallons for the first 1,000 gallons over allocation.
- \$3.00 per thousand gallons for the second 1,000 gallons over allocation.
- \$4.00 per thousand gallons for the third 1,000 gallons over allocation.
- \$5.00 per thousand gallons for each additional 1,000 gallons over allocation.

The surcharges shall be cumulative.

WATER USE RESTRICTIONS

To ensure that an adequate supply of water is available for drinking and bathing, you are hereby notified that Stage 6 of the Drought Contingency Plan is now in effect. The Board of Directors is aware of the inconvenience of these severe restrictions, but it is imperative that the water supply not only be available for drinking and bathing but also for fire fighters in the event of a house fire. The following mandatory restrictions are now in effect:

- (a) Irrigation of landscaped areas is prohibited.

- (b) Use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle is absolutely prohibited.
- (c) The filling, refilling, or adding of water to swimming pools, wading pools, and jacuzzi-type pools is prohibited.
- (d) Operation of any ornamental fountain or pond for aesthetic or scenic purposes is prohibited except where necessary to support aquatic life or where such fountains or ponds are equipped with a re-circulation system.
- (e) Use of water from hydrants shall be limited to fire fighting, related activities, or other activities necessary to maintain public health, safety, and welfare. The use of water for construction purposes from designated fire hydrants under special permit is to be discontinued.
- (f) The watering of golf course tees is prohibited unless the golf course utilizes a water source other than that provided by the District.
- (g) All restaurants are prohibited from serving water to patrons except upon request of the patron.
- (h) The following uses of water are defined as non-essential and are prohibited:
 - (1) wash down of any sidewalks, walkways, driveways, parking lots, tennis courts, or other hard-surfaced areas;
 - (2) use of water to wash down buildings or structures for purposes other than immediate fire protection;
 - (3) use of water for dust control;
 - (4) flushing gutters or permitting water to run or accumulate in any gutter or street; and
 - (5) failure to repair a controllable leak(s) within a reasonable period after having been given notice directing the repair of such leak(s).
- (j) No application for new, additional, expanded, or increased-in-size water service connections, meters, service lines, pipeline extensions, mains, or water service facilities of any kind shall be approved, and time limits for approval of such applications are hereby suspended for such time as this drought response stage or a higher-numbered stage shall be in effect.

The Board of Directors appreciates your cooperation and perseverance during this Conservation Condition. Once the Conservation Condition ends, we will notify you and you may then return to normal usage. If conditions should worsen, you will be notified of more stringent restrictions, to ensure the availability of water in your community.

Very truly yours,

Board of Directors

CERTIFICATE OF OCCUPANCY

To: Northgate Crossing Municipal Utility District No. 1
c/o ST. Environmental Services, Inc.
283 Lockhaven, Suite 214
Houston, Texas 77073

I, the undersigned, hereby notify Northgate Crossing Municipal Utility District No. 1, that the number of persons in the household at _____ is persons.

Executed this _____.

Name:
Address:

**EXHIBIT 7
TO APPENDIX B**

Northgate Crossing Municipal Utility District No. 1
of
Harris County, Texas

CITATION

(Date)

Dear Customer:

On _____, you were notified that you were violating the Water Use Restrictions of Northgate Crossing Municipal Utility District No. 1. This second violation has resulted in the termination of water and sewer service to your property. Service will be restored upon discontinuation of the prohibited use and upon payment of a \$100 reconnect fee. In addition, you will have to sign a copy of the water use restrictions now in effect. To have service restored you should contact the operator of Northgate Crossing Municipal Utility District No. 1 at _____.

In addition, if you fail to take the steps listed above, the District will consider the imposition of Monetary Penalties for Noncompliance. In addition to disconnection, the District may impose a penalty of up to \$5,000.00 for each violation of this Plan. Each day that a breach of any provision of this Plan continues shall be considered a separate violation. This penalty shall be in addition to any other legal rights and remedies of the District as may be allowed by law. We urge you to comply with the provisions of the District's Drought Contingency Plan.

Sincerely,

Board of Directors

(Date)

Dear Customer:

The Drought Condition has ended. You may return to normal water usage. The Board of Directors of Northgate Crossing Municipal Utility District No. 1 appreciates your cooperation and perseverance during this period and would appreciate your continued attention to water use. Continued water conservation practices will help ensure water availability in the future. Thank you for your efforts.

Very truly yours,

Board of Directors
