## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Northgate Crossing Municipal  
Utility District No. 1  
Harris County, Texas

We have audited the accompanying financial statements of the governmental activities and each fund of Northgate Crossing Municipal Utility District No. 1, as of and for the year ended December 31, 2016, which collectively comprise the District's basic financial statements, as listed in the table of contents, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including assessment of the risk of material misstatement of the financial statements whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each fund of Northgate Crossing Municipal Utility District No. 1 as of December 31, 2016, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT (Continued)**Other Matters**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on Pages 3 to 8, the Schedule of Revenues, Expenditures and Changes in Fund Balance, Budget and Actual, General Fund, on Page 23 and the Schedule of Revenues, Expenditures and Changes in Fund Balance, Budget and Actual, Special Revenue Fund, on Page 24 be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information on Pages 25 to 39 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Except for the portion marked "unaudited," the information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The supplementary information marked "unaudited" has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it. The accompanying supplementary information includes financial data excerpted from prior year financial statements which were audited by our firm.

*North & Cousins, PLLC*

## Management's Discussion and Analysis

### Using this Annual Report

Within this section of the Northgate Crossing Municipal Utility District No. 1 (the "District") annual report, the District's Board of Directors provides narrative discussion and analysis of the financial activities of the District for the fiscal year ended December 31, 2016.

The annual report consists of a series of financial statements plus additional supplemental information to the financial statements as required by its state oversight agency, the Texas Commission on Environmental Quality. In accordance with required reporting standards, the District reports its financial activities as a special-purpose government. Special-purpose governments are governmental entities which engage in a single governmental program. In the District's case, the single governmental program is provision of water and sewer services and the control and diversion of storm water. Other activities, such as security services, are minor activities and are not budgeted or accounted for as separate programs. The financial statements of special-purpose governments combine two types of financial statements into one statement. These two types of financial statements are the government-wide financial statements and the fund financial statements. The fund financial statements are presented on the left side of the statements, a column for adjustments is to the right of the fund financial statements, and the government-wide financial statements are presented to the right side of the adjustments column. The following sections describe the measurement focus of the two types of statements and the significant differences in the information they provide.

#### *Government-Wide Financial Statements*

The focus of government-wide financial statements is on the overall financial position and activities of the District. The District's government-wide financial statements include the statement of net position and statement of activities, which are prepared using accounting principles that are similar to commercial enterprises. The purpose of the statement of net position is to attempt to report all of the assets and liabilities owned by the District. The District reports all of its assets when it acquires or begins to maintain the assets and reports all of its liabilities when they are incurred.

The difference between the District's total assets and total liabilities is labeled as *net position* and this difference is similar to the total owners' equity presented by a commercial enterprise.

The purpose of the statement of activities is to present the revenues and expenses of the District. Again, the items presented on the statement of activities are measured in a manner similar to the approach used by a commercial enterprise in that revenues are recognized when earned or established criteria are satisfied and expenses are reported when incurred by the District. Thus, revenues are reported even when they may not be collected for several months or years after the end of the accounting period and expenses are recorded even though they may not have used cash during the current period.

Although the statement of activities looks different from a commercial enterprise's income statement, the financial statement is different only in format, not substance. Whereas the bottom line in a commercial enterprise is its net income, the District reports an amount described as *change in net position*, essentially the same thing.

#### *Fund Financial Statements*

Unlike government-wide financial statements, the focus of fund financial statements is directed to specific activities of the District rather than the District as a whole. Except for the General Fund, a specific fund is established to satisfy managerial control over resources or to satisfy finance-related legal requirements established by external parties or governmental statutes or regulations.

Governmental fund financial statements consist of a balance sheet and statement of revenues, expenditures and change in fund balances and are prepared on an accounting basis that is significantly different from that used to prepare the government-wide financial statements.

In general, these financial statements have a short-term emphasis and, for the most part, measure and account for cash and other assets that can easily be converted into cash. For example, amounts reported on the balance sheet include items such as cash and receivables collectible within a very short period of time, but do not include capital assets such as land and water and sewer systems. Fund liabilities include amounts that are to be paid within a very short period after the end of the fiscal year. The difference between a fund's total assets and total liabilities is labeled the fund balance, and generally indicates the amount that can be used to finance the next fiscal year's activities. Likewise, the operating statement for governmental funds reports only those revenues and expenditures that were collected in cash or paid with cash, respectively, during the current period or very shortly after the end of the fiscal year.

Because the focus of the government-wide and fund financial statements are different, there are significant differences between the totals presented in these financial statements. For this reason, there is an analysis in Note 3 of the notes to the financial statements that reconciles the total fund balances to the amount of net position presented in the governmental activities column on the statement of net position. Also, there is an analysis in note 3 of the notes to the financial statements that reconciles the total change in fund balances for all governmental funds to the change in net position as reported in the governmental activities column in the statement of activities.

### **Financial Analysis of the District as a Whole**

Financial Analysis of the District as a Whole begins with an understanding of how financial resources flow through the District's funds. Resources in the Capital Projects Fund are derived principally from proceeds of the sale of bonds, and expenditures from this fund are subject to the Rules of the Texas Commission on Environmental Quality. Resources in the Debt Service Fund are derived principally from the collection of property taxes and are used for the payment of tax collection costs and bond principal and interest. Resources in the General Fund are derived principally from property taxes and billings for water and sewer services and are used to operate and maintain the system and to pay costs of administration of the District.

Management has financial objectives for each of the District's funds. The financial objective for the Capital Projects Fund is to spend the funds as necessary in accordance with the Rules of the Texas Commission on Environmental Quality. The financial objective for the Debt Service Fund is to levy the taxes necessary to pay the fiscal year debt service requirements plus the cost of levying and collecting taxes, leaving the appropriate fund balance as recommended by the District's financial advisor. The financial objective for the General Fund is to keep the fund's expenditures as low as possible while ensuring that revenues are adequate to cover expenditures and maintaining the fund balance that Management believes is prudent. The financial objective for the Special Revenue Fund is to insure that the expenditures in the fund are billed to the participants in accordance with the contract. Management believes that these financial objectives were met during the fiscal year.

Management believes that the required method of accounting for certain elements of the government-wide financial statements makes the government-wide financial statements as a whole not useful for financial analysis. In the government-wide financial statements, capital assets and depreciation expense have been required to be recorded at historical cost. Management's policy is to maintain the District's capital assets in a condition greater than or equal to the condition required by regulatory authorities, and management does not believe that depreciation expense is relevant to the management of the District. In the government-wide financial statements, certain non-cash costs of long-term debt are capitalized and amortized over the life of the related debt. Management believes that this required method of accounting is not useful for financial analysis of the District and prefers to consider the required cash flows of the debt as reported in the fund statements and the notes to the financial statements. In the government-wide financial statements, property tax revenues are required to be recorded in the fiscal year for which the taxes are levied, regardless of the year of collection. Management believes that the cash basis method of accounting for property taxes in the funds provides more useful financial information.

The following required summaries of the District's overall financial position and operations for the past two years are based on the information included in the government-wide financial statements. For the reasons described in the preceding paragraph, a separate analysis of the summaries is not presented.

Summary of Net Position

	<u>2016</u>	<u>2015</u>	<u>Change</u>
Current and other assets	\$ 5,808,105	\$ 6,841,913	\$ (1,033,808)
Capital assets	4,535,234	4,028,038	507,196
Total assets	<u>10,343,339</u>	<u>10,869,951</u>	<u>(526,612)</u>
Long-term liabilities	7,321,813	7,896,089	(574,276)
Other liabilities	1,015,791	1,691,564	(675,773)
Total liabilities	<u>8,337,604</u>	<u>9,587,653</u>	<u>(1,250,049)</u>
Total deferred inflows of resources	<u>1,538,644</u>	<u>1,145,370</u>	<u>393,274</u>
Net position:

Change in net position	330,163	587,575	(257,412)
Net position, beginning of year	<u>136,928</u>	<u>(450,647)</u>	<u>587,575</u>
Net position, end of year	<u>\$ 467,091</u>	<u>\$ 136,928</u>	<u>\$ 330,163</u>

**Financial Analysis of the District's Funds**

The District's combined fund balances as of the end of the fiscal year ended December 31, 2016, were \$3,647,439, a decrease of \$751,791 from the prior year.

The General Fund balance increased by \$214,736, in accordance with the District's financial plan.

The Special Revenue Fund balance did not change.

The Debt Service Fund balance increased by \$42,408, in accordance with the District’s financial plan.

The Capital Projects Fund balance decreased by \$1,008,935, as authorized expenditures exceeded interest earnings.

*General Fund Budgetary Highlights*

The Board of Directors amended the budget during the fiscal year. The original budget adopted by the Board of Directors anticipated an decrease in the fund balance during the year of \$80,034. During the fiscal year, the Board of Directors adopted an amended budget which anticipated a decrease in the fund balance during the year of \$107,534. The changes from the original budget to the final budget were due an increase in projected purchased services expenditures.

The District’s budget is primarily a planning tool. Accordingly, actual results varied from the budgeted amounts. A comparison of actual to budgeted amounts is presented on Page 23 of this report. The budgetary fund balance as of December 31, 2016, was expected to be \$1,376,498 and the actual end of year fund balance was \$1,698,768.

**Capital Asset and Debt Administration**

*Capital Assets*

Capital assets held by the District at the end of the current and previous fiscal years are summarized as follows:

	<u>Capital Assets (Net of Accumulated Depreciation)</u>		
	<u>2016</u>	<u>2015</u>	<u>Change</u>
Land	\$ 13,868	\$ 13,868	\$ 0
Construction in progress	38,286	1,049,695	(1,011,409)
Pavilion	77,455	79,770	(2,315)
Water facilities	1,124,851	1,075,181	49,670
Sewer facilities	1,575,440	1,663,319	(87,879)
Drainage facilities	1,705,334	146,205	1,559,129
Totals	<u>\$ 4,535,234</u>	<u>\$ 4,028,038</u>	<u>\$ 507,196</u>

Changes to capital assets during the fiscal year ended December 31, 2016, are summarized as follows:

Additions:		
Improvements at storm water pumping facility		\$ 600,521
Improvements at joint water and sewer facilities		<u>165,282</u>
Total additions to capital assets		765,803
Decreases:		
Depreciation		<u>(258,607)</u>
Net change to capital assets		<u>\$ 507,196</u>

*Debt and Commitments*

Changes in the bonded debt position of the District during the fiscal year ended December 31, 2016, are summarized as follows:

Bonded debt payable, beginning of year	\$ 7,855,000
Bonds paid	<u>(370,000)</u>
Bonded debt payable, end of year	<u>\$ 7,485,000</u>

At December 31, 2016, the District had \$7,090,000 of bonds authorized but unissued for the purposes of acquiring, constructing and improving the water, sanitary sewer and drainage system within the District.

The District's bonds are not rated.

During the fiscal year ended December 31, 2014 the District entered into a four year lease for capacity in the joint sewage treatment plant. The annual payment for this lease is \$67,000. At December 31, 2016, there was one annual payment of \$67,000 due to Northgate Crossing Municipal Utility District No. 2 under the terms of this lease.

Developers within the District have advanced funds for the lease of sewage plant capacity and the purchase of water plant capacity. At December 31, 2016, the amount of the unexpended developer advances held by the District in the General Fund was \$358,628. At this date, developer advances of \$323,296 had been expended and were due to the developers under reimbursement agreements.

## **RELEVANT FACTORS AND WATER SUPPLY ISSUES**

### *Property Tax Base*

The District's tax base increased approximately \$34,300,000 for the 2016 tax year (approximately 32%). This increase was due to the increase in the average assessed valuations on existing property and the addition of taxable property to the tax base.

### *Relationship to the City of Houston*

Under existing Texas law, since the District lies wholly within the extraterritorial jurisdiction of the City of Houston, the District must conform to a City of Houston ordinance consenting to the creation of the District. In addition, the District may be annexed by the City of Houston without the District's consent. If the District is annexed, the City will assume the District's assets and obligations (including the bonded indebtedness) and dissolve the District within ninety (90) days.

Utilizing a provision of Texas law, the City of Houston ("City") and the District entered into a Strategic Partnership Agreement ("SPA") effective as of December 13, 2010. The SPA provides for the limited purpose annexation of certain developed commercial tracts within the District into the City for the limited purposes of imposition of the City's Sales and Use Tax, certain municipal court jurisdictions, and health inspection services and enforcement. No other City services are provided. The properties made subject to the SPA may not be taxed for ad valorem purposes by the City. Additional properties may become subject to the SPA by amending the SPA upon the consent of the City and the District. The SPA provides that the City shall pay to the District one half of all Sales and Use Tax revenues generated within the boundaries of the SPA and received by the City from the Comptroller of Public Accounts of the State of Texas. The term of the SPA is 30 years. During the term of the SPA, the City has agreed not to annex all or part of the District or commence any action to annex all or part of the District for full purposes.

The City has imposed a Sales and Use Tax within the boundaries of the Partial District at the time of the limited-purpose annexation of the Partial District. The Agreement provides that the City shall pay to the District one half of all Sales and Use Tax revenues generated within the boundaries of the Partial District and received by the City from the Comptroller of Public Accounts of the State of Texas.

### *Water Supply Issues*

The District is located within the boundaries of the Harris-Galveston Subsidence District ("Subsidence District") and the North Harris County Regional Water Authority ("NHCRWA"). The NHCRWA was created to provide for conversion of the area within its boundaries from groundwater usage to alternative sources of water supply (e.g., surface water) as required by regulations of the Subsidence District. The NHCRWA covers an area located in northern Harris County and adjacent to the City of Houston. Pursuant to an order of the Subsidence District and the NHCRWA's Groundwater Reduction Plan (as approved by the Subsidence District), the area within the boundaries of the NHCRWA must be converted to at least 30% alternate source (e.g., surface) water use by 2010, 60% alternate source water use by 2025, and 80% alternate source water use by 2035. To implement the required conversion to alternate source water use in accordance with such schedule, the NHCRWA is in the process of designing and constructing and will operate a network of transmission and distribution lines, storage tanks, and pumping stations to transport and distribute water within the NHCRWA (the "NHCRWA System"). In addition, the NHCRWA has entered into a water supply contract to secure a long-term supply of treated surface water from the City of Houston.

The District is subject to the NHCRWA's Groundwater Reduction Plan. The NHCRWA, as part of the plan of financing the NHCRWA System, has elected to allow districts, such as the District, to participate in a pro-rata share of the costs associated with the acquisition and construction of the NHCRWA System (including the costs associated with the acquisition of alternate sources of water supply) by issuing its own debt or using cash on hand, entitling the District to a future credit against pumpage fees due to the NHCRWA. The District has not elected this financing option. As a result, the District has elected to pay its share in the NHCRWA System costs over time through payment of levied pumpage fees to the NHCRWA. The District may be required by the NHCRWA to participate in the groundwater conversion project by converting to surface water some time after January 1, 2010. Noncompliance with the NHCRWA's Groundwater Reduction Plan or nonparticipation in the NHCRWA's surface water conversion project could result in the District's exclusion from the NHCRWA's Groundwater Reduction Plan and assessment of the Subsidence District's disincentive fee against groundwater pumped from wells located within the District.

Groundwater pumped from wells located within the District is not currently subject to the Subsidence District's groundwater disincentive fee. However, groundwater pumped from wells located within the District is subject to a per 1,000 gallon pumpage fee that is assessed and collected by the NHCRWA pursuant to the NHCRWA's Pumpage Fee Order. At December 31, 2016, the pumpage fee was equal to \$2.40 per 1,000 gallons pumped, and is expected to increase in the future. At December 31, 2016, the Authority's surface water usage fee was equal to \$2.85 per 1,000 gallons, and is expected to increase in the future. The issuance of additional bonds by the District in an undetermined amount may be necessary at some time in the future to finance the acquisition and construction of surface water infrastructure (whether such costs are incurred directly by the District or through projects undertaken by the NHCRWA). The NHCRWA has sold four issues of bonds to finance a portion of the costs related to the design, acquisition and construction of the NHCRWA System. The NHCRWA bonds are secured by revenues of the NHCRWA, including the pumpage fee.

NORTHGATE CROSSING MUNICIPAL UTILITY DISTRICT NO. 1NOTES TO THE FINANCIAL STATEMENTSDECEMBER 31, 2016

## NOTE 1: REPORTING ENTITY

Northgate Crossing Municipal Utility District No. 1 (the "District") was created by Acts of the 69th Legislature, State of Texas, effective June 15, 1985, and operates in accordance with Texas Water Code Chapters 49 and 54. The District is a political subdivision of the State of Texas, governed by an elected five member Board of Directors. The Board of Directors held its first meeting on July 9, 1985 and the first bonds were sold on December 20, 1988. The District is subject to the continuing supervision of the Texas Commission on Environmental Quality.

The District is empowered, among other things, to purchase, construct, operate and maintain all works, improvements, facilities and plants necessary for the supply of water; the collection, transportation and treatment of wastewater; and the control and diversion of storm water. In addition, the District is empowered, if approved by the electorate, the Texas Commission on Environmental Quality and other governmental entities having jurisdiction, to establish, operate and maintain a fire department, either independently or jointly with certain other districts.

In evaluating how to define the District for financial reporting purposes, the Board of Directors of the District has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria established by the Governmental Accounting Standards Board. The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations and accountability for fiscal matters. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the District is able to exercise oversight responsibilities.

As further described in Note 9, the District has contracted with Northgate Crossing Municipal Utility District No. 2 ("No. 2") for the construction and operation of joint storm water detention and pumping facilities (the "Storm Water Facilities"). The District is the manager of the Storm Water Facilities. Oversight of the Storm Water Facilities is exercised by the Board of Directors of the District and financial activity of the Storm Water Facilities has been included in the financial statements of the District. The Storm Water Facilities' operations have been reported as the Special Revenue Fund of the District.

As further described in Note 9, the District has contracted with No. 2 for the construction and operation of joint water supply and wastewater treatment facilities (the "Water and Sewer Joint Facilities"). Oversight of the Water and Sewer Joint Facilities is exercised by the Board of Directors of No. 2. Based on the criteria described above, the Water and Sewer Joint Facilities' financial activity has not been included in the District's financial statements as a component unit of the District. Transactions with this joint venture are described in Note 9.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

**NOTE 2: SIGNIFICANT ACCOUNTING POLICIES**

The District's financial statements are prepared in accordance with generally accepted accounting principles ("GAAP"). The Governmental Accounting Standards Board (the "GASB") is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board issued through November 30, 1989 (when applicable), that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP and used by the District are discussed below.

Basic Financial Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and governmental fund financial statements (reporting the District's funds). Because the District is a single-program government as defined by the GASB, the District has combined the government-wide statements and the fund financial statements using a columnar format that reconciles individual line items of fund financial data to government-wide data in a separate column on the face of the financial statements. An additional reconciliation between the fund and the government-wide financial data is presented in Note 3.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. The effect of interfund activity has been removed from these statements. The District's net position is reported in three parts – invested in capital assets, net of related debt; restricted net position; and unrestricted net position. The government-wide statement of activities reports the components of the changes in net position during the reporting period.

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for in a separate set of self-balancing accounts that comprises its assets, liabilities, fund balances, revenues and expenditures and changes in fund balances. The District's fund balances are reported as nonspendable, restricted, committed, assigned or unassigned. Nonspendable fund balances are either not in spendable form or are contractually required to remain intact. Restricted fund balances include amounts that can only be used for the specific purposes stipulated by constitutional provisions, external resource providers or enabling legislation. Committed fund balances include amounts that can only be used for the specific purposes determined by formal action of the District's Board of Directors. Assigned fund balances are intended for a specific purpose but do not meet the criteria to be classified as restricted or committed. Unassigned fund balance is the residual classification for the District's General Fund and includes all spendable amounts not contained in the other classifications. The transactions of the District are accounted for in the following funds:

General Fund -- To account for all revenues and expenditures not required to be accounted for in other funds.

Special Revenue Fund -- To account for all revenues and expenditures of the general operations of the joint storm water pumping facilities.

Debt Service Fund – To account for the accumulation of financial resources for, and the payment of, bond principal and interest, paid principally from property taxes levied by the District.

Capital Projects Fund – To account for financial resources designated to construct or acquire capital assets. Such resources are derived principally from proceeds of the sale of bonds.

## NOTES TO THE FINANCIAL STATEMENTS (Continued)

### Basis of Accounting

The government-wide statements are reported using the economic resources measurement focus and the accrual basis of accounting which recognizes all long-term assets and receivables as well as long-term debt and obligations. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Ad valorem property taxes are recognized as revenues in the fiscal year for which they have been levied and related penalties and interest are recognized in the fiscal year in which they are imposed. An allowance for uncollectibles is estimated for delinquent property taxes and reported separately in the financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available if they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred except for principal and interest on bonds payable which are recorded only when payment is due.

### Interfund Activity

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is reported as interfund receivables or payables, as appropriate, as are all other outstanding balances between funds. Operating transfers between funds represent legally authorized transfers from the fund receiving resources to the fund through which the resources are to be expended.

### Receivables

Service accounts receivable as reported are considered collectible. The District uses the direct write off method for uncollectible service accounts. Unbilled water and sewer revenues are not material and are not recorded at year end. The District considers service accounts revenues to be available if they are to be collected within 60 days after the end of the fiscal year.

In the fund financial statements, ad valorem taxes and penalties and interest are reported as revenues in the fiscal year in which they become available to finance expenditures of the fiscal year for which they have been levied. Property taxes which have been levied and are not yet collected (or have been collected in advance of the fiscal year for which they have been levied) are recorded as deferred inflow of resources. Property taxes collected after the end of the fiscal year are not included in revenues.

### Capital Assets

Capital assets, which include property, plant, equipment, and immovable public domain or "infrastructure" assets are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than \$5,000 (including installation costs, if any, and associated professional fees) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed by the District. Donated capital assets are recorded at historical cost. Additions, improvements and other capital outlays that significantly extend the useful life of an asset or increase the value of an asset are capitalized. Costs incurred for repairs and maintenance are expensed as incurred.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Depreciation on capital assets is computed using the straight-line method over the following estimated useful lives:

Plant and equipment	10-45 years
Underground lines	45 years

Long-term Liabilities

Long-term debt and other long-term obligations are reported in the government-wide financial statements. Bond premiums and discounts, are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable premium or discount. If bonds are refunded and the carrying amount of the new debt is different than the net carrying amount of the old debt, the difference is netted against the new debt and amortized using the effective interest method over the shorter of the remaining life of the refunded debt or the life of the new debt issued.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures of the fund from which they are paid.

**NOTE 3: RECONCILIATION OF FUND TO GOVERNMENT-WIDE FINANCIAL STATEMENTS**

Reconciliation of year end fund balances to net position:

Total fund balances, end of year		\$ 3,647,439
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:		
Total capital assets, net		4,535,234
Some long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds:		
Bonds payable	\$ (7,485,000)	
Less: Deferred charge on refunding (to be amortized as interest expense)	5,462	
Less: Issuance discount net of premium (to be amortized as interest expense)	115,323	
Due to developers	<u>(323,296)</u>	(7,687,511)
The assets in the Special Revenue Fund are owned by the District and other participants in the joint venture:		
The District's equity	(10,168)	
Other participants' equity	<u>(8,319)</u>	(18,487)
Some receivables that do not provide current financial resources are not reported as receivables in the funds:		
Accrued penalty and interest on property taxes receivable	2,246	
Uncollected property taxes	<u>9,166</u>	11,412
Some liabilities that do not require the use of current financial resources are not reported as liabilities in the funds:		
Accrued interest		<u>(20,996)</u>
Net position, end of year		<u>\$ 467,091</u>

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Reconciliation of net change in fund balances to change in net position:

Total net change in fund balances		\$ (751,791)
<p>The funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:</p>		
Capital outlay	\$ 1,091,803	
Depreciation	<u>(258,607)</u>	833,196
<p>The issuance of long-term debt provides current financial resources to the funds, while the repayment of the principal of long-term debt consumes the current financial resources of the funds. Neither transaction, however, has any effect on net position. The effect of these differences in the treatment of long-term debt:</p>		
Developer advances	(117,296)	
Principal reduction	<u>370,000</u>	252,704
<p>The funds report the effect of bond premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The net effect of these differences in the treatment of these items:</p>		
Refunding charges	(1,023)	
Issuance discount net of premium	<u>(5,842)</u>	(6,865)
<p>Some revenues reported in the statement of activities do not provide current financial resources and therefore are not reported as revenues in the funds:</p>		
Accrued penalty and interest on property taxes receivable	(202)	
Uncollected property taxes	<u>2,504</u>	2,302
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds:</p>		
Accrued interest		<u>617</u>
Change in net position		<u>\$ 330,163</u>

NOTE 4: CAPITAL ASSETS

At December 31, 2016, "Invested in capital assets, net of related debt" was \$(3,152,277). This amount was negative primarily because not all expenditures from bond proceeds (such as bond issuance costs) were for the acquisition of capital assets. Within Harris County, the county government assumes the maintenance and other incidents of ownership of most storm sewer facilities constructed by the District. Accordingly, these assets are not recorded in the financial statements of the District. In addition, some expenditures from bond proceeds were for the acquisition of capital assets beneath the capitalization threshold of \$5,000 (see Note 2) and some authorized expenditures were not for capital assets.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Capital asset activity for the fiscal year ended December 31, 2016, was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
Capital assets not being depreciated:				
Land	\$ 13,868	\$	\$	\$ 13,868
Construction in progress	<u>1,049,695</u>	<u>638,807</u>	<u>1,650,216</u>	<u>38,286</u>
Total capital assets not being depreciated	<u>1,063,563</u>	<u>638,807</u>	<u>1,650,216</u>	<u>52,154</u>
Depreciable capital assets:				
Pavilion	86,405			86,405
Water system	2,109,930	126,996		2,236,926
Sewer system	2,879,583			2,879,583
Drainage system	<u>956,603</u>	<u>1,650,216</u>		<u>2,606,819</u>
Total depreciable capital assets	<u>6,032,521</u>	<u>1,777,212</u>	<u>0</u>	<u>7,809,733</u>
Less accumulated depreciation for:				
Pavilion	(6,635)	(2,315)		(8,950)
Water system	(1,034,749)	(77,325)		(1,112,074)
Sewer system	(1,216,264)	(87,879)		(1,304,143)
Drainage system	<u>(810,398)</u>	<u>(91,088)</u>		<u>(901,486)</u>
Total accumulated depreciation	<u>(3,068,046)</u>	<u>(258,607)</u>	<u>0</u>	<u>(3,326,653)</u>
Total depreciable capital assets, net	<u>2,964,475</u>	<u>1,518,605</u>	<u>0</u>	<u>4,483,080</u>
Total capital assets, net	<u>\$ 4,028,038</u>	<u>\$ 2,157,412</u>	<u>\$ 1,650,216</u>	<u>\$ 4,535,234</u>
Changes to capital assets:				
Capital outlay		\$ 1,091,803	\$	
Assets transferred to depreciable assets		1,650,216	1,650,216	
Decrease in liability for purchase of water plant capacity		(326,000)		
Less depreciation expense for the fiscal year		<u>(258,607)</u>		
Net increases / decreases to capital assets		<u>\$ 2,157,412</u>	<u>\$ 1,650,216</u>	

NOTES TO THE FINANCIAL STATEMENTS (Continued)

NOTE 5: LONG-TERM LIABILITIES AND CONTINGENT LIABILITIES

Long-term liability activity for the fiscal year ended December 31, 2016, was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due within One Year</u>
Bonds payable	\$ 7,855,000	\$	\$ 370,000	\$ 7,485,000	\$ 375,000
Add (less) deferred amounts:					
For issuance					
(discounts) net of premiums	(121,165)		(5,842)	(115,323)	(8,475)
For refunding	<u>(6,485)</u>		<u>(1,023)</u>	<u>(5,462)</u>	<u>(827)</u>
Total bonds payable	<u>7,727,350</u>	<u>0</u>	<u>363,135</u>	<u>7,364,215</u>	<u>365,698</u>
Due to developers for advances (see below)	206,000	117,296		323,296	-----
Due to other district for water plant capacity (see below)	<u>326,000</u>		<u>326,000</u>	<u>0</u>	<u>-----</u>
Total due to developers	<u>532,000</u>	<u>117,296</u>	<u>326,000</u>	<u>323,296</u>	<u>0</u>
Total long-term liabilities	<u>\$ 8,259,350</u>	<u>\$ 117,296</u>	<u>\$ 689,135</u>	<u>\$ 7,687,511</u>	<u>\$ 365,698</u>

Developer Construction Commitments and Liabilities

Developers within the District have advanced \$681,924 for the lease of sewage plant capacity and the purchase of water plant capacity described in the following paragraphs. \$117,296 of these advances were used for capacity payments during the year. As of December 31, 2016, \$323,296 of the advances had been expended and the amount of the unexpended developer advances held by the District in the General Fund was \$358,628.

During the fiscal year ended December 31, 2014, the District entered into a four year lease for capacity in the joint sewage treatment plant. The annual payment for this lease is \$67,000. At December 31, 2016, there was one annual payment of \$67,000 due under the terms of this lease. As this lease is considered an operating lease, no liability for the future payments has been recorded.

During the fiscal year ended December 31, 2014, the District purchased additional capacity in the joint water plants for \$380,000. The contract states that the District will pay \$36,000 per year for four years and a balloon payment at the end of the four year term. \$27,000 of each \$36,000 payment will be applied to principal reduction. The District paid the balance due on this purchase during the year ended December 31, 2016, with \$285,000 of the District's funds and \$50,296 from developer advances. \$41,000 of the developer advances was for principal and \$9,296 was for interest.

Bonds voted	\$ 18,890,000
Bonds approved for sale and sold	11,800,000
Bonds voted and not issued	7,090,000

The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount. The Series 2014 bonds are further payable and secured by a pledge of and lien on certain net revenues, if any, of the District's system.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

As of December 31, 2016, the debt service requirements on the bonds outstanding were as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 375,000	\$ 251,956	\$ 626,956
2018	390,000	244,454	634,454
2019	405,000	236,168	641,168
2020	425,000	226,447	651,447
2021	435,000	214,761	649,761
2022 - 2026	2,390,000	854,686	3,244,686
2027 - 2031	2,495,000	428,188	2,923,188
2032	<u>570,000</u>	<u>24,225</u>	<u>594,225</u>
	<u>\$ 7,485,000</u>	<u>\$ 2,480,885</u>	<u>\$ 9,965,885</u>

The bond issues payable at December 31, 2016, were as follows:

	<u>Refunding Series 2012</u>	<u>Series 2014</u>
Amounts outstanding, December 31, 2016	\$3,985,000	\$3,500,000
Interest rates	2.00% to 3.375%	3.65% to 4.25%
Maturity dates, serially beginning/ending	December 1, 2017/2025	December 1, 2026/2032
Interest payment dates	June 1/December 1	June 1/December 1
Callable dates	December 1, 2020*	December 1, 2022*

\*Or any date thereafter at the option of the District, at a price of par plus accrued interest to the date of redemption.

**NOTE 6: PROPERTY TAXES**

The Harris County Appraisal District has the responsibility for appraising property for all taxing units within the county as of January 1 of each year, subject to review and change by the county Appraisal Review Board. The appraisal roll, as approved by the Appraisal Review Board, must be used by the District in establishing its tax roll and tax rate. The District's taxes are usually levied in the fall, are due when billed and become delinquent after January 31 of the following year or 30 days after the date billed, whichever is later. On January 1 of each year, a statutory tax lien attaches to property to secure the payment of all taxes, penalties and interest ultimately imposed for the year on the property.

The Bond Order requires that the District levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes.

At an election on August 10, 1985, the voters within the District authorized a maintenance tax, without limitation as to rate or amount, on all property within the District subject to taxation. This maintenance tax is being used by the General Fund to pay expenditures of operating the District.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

On November 10, 2016, the District levied the following ad valorem taxes for the 2016 tax year and the 2017 fiscal year on the adjusted taxable valuation of \$139,876,661:

	<u>Rate</u>	<u>Amount</u>
Debt service	\$ 0.7000	\$ 979,137
Maintenance	<u>0.4000</u>	<u>559,507</u>
	<u>\$ 1.1000</u>	<u>\$ 1,538,644</u>

A reconciliation of the tax levy to property tax revenues on the Statement of Activities is as follows:

2016 tax year total property tax levy	\$ 1,538,644
2016 tax year total property tax levy deferred to 2017 fiscal year	(1,538,644)
2015 tax year total property tax levy deferred to 2016 fiscal year	1,145,370
Appraisal district adjustments to prior year taxes	<u>49,244</u>
Statement of Activities property tax revenues	<u>\$ 1,194,614</u>

**NOTE 7: DEPOSITS AND TEMPORARY INVESTMENTS**

The District complied with the requirements of the Public Funds Investment Act during the current fiscal year including the preparation of quarterly investment reports required by the Act.

State statutes authorize the District to invest and reinvest in direct or indirect obligations of the United States, the State of Texas, any county, city, school district, or other political subdivision of the state, or in local government investment pools authorized under the Public Funds Investment Act. Funds of the District may be placed in certificates of deposit of state or national banks or savings and loan associations within the state provided that they are secured in the manner provided for the security of the funds under the laws of the State of Texas. In accordance with the District's investment policies, during the current year the District's funds were invested in interest bearing accounts at authorized financial institutions and in TexPool, a local government investment pool sponsored by the State Comptroller. TexPool is rated AAAM by Standard & Poor's.

In accordance with state statutes and the District's investment policies, the District requires that insurance or security be provided by depositories for all funds held by them. At the balance sheet date, the carrying amount of the District's deposits was \$3,217,669 and the bank balance was \$3,038,706. Of the bank balance, \$1,398,154 was covered by federal insurance, \$1,371,347 was covered by a letter of credit in favor of the District issued by the Federal Home Loan Bank of Atlanta, and \$269,205 was covered by the market value of collateral held by the District's custodial bank in the District's name. The market value of collateral was reported to the District by the depository.

At the balance sheet date the carrying value and market value of the investments in TexPool was \$1,615,617.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

Deposits and temporary investments restricted by state statutes and the Bond Orders:

Debt Service Fund

For payment of debt principal and interest, paying agent fees and costs of assessing and collecting taxes:

Cash	\$ 938,589
Certificates of deposit	244,549
Temporary investments	<u>17,283</u>
	<u>\$ 1,200,421</u>

Capital Projects Fund

For construction of capital assets:

Cash	\$ 718,880
Certificates of deposit	240,000
Temporary investments	<u>592,824</u>
	<u>\$ 1,551,704</u>

NOTE 8: RISK MANAGEMENT

The District is exposed to various risks of loss related to: torts; theft of, damage to, and destruction of assets; errors and omissions; personal injuries and natural disasters. Significant losses are covered by insurance as described below. There were no significant reductions in insurance coverage from the prior fiscal year. There have been no settlements which have exceeded the insurance coverage for each of the past three fiscal years.

At December 31, 2016, the District had physical damage and boiler and machinery coverage of \$5,850,000, comprehensive general liability coverage with a per occurrence limit of \$1,000,000 and \$3,000,000 general aggregate, pollution liability coverage of \$1,000,000, umbrella liability coverage of \$2,000,000, worker's compensation coverage of \$1,000,000, consultant's crime coverage of \$50,000 and a tax assessor-collector bond of \$10,000.

NOTE 9: JOINT FACILITIES AGREEMENT

On October 11, 1996, the District and Northgate Crossing Municipal Utility District No. 2 ("No. 2") entered into the Fifth Amended and Restated Joint Facilities Agreement (the "JFA") which superseded the prior agreement. This agreement was amended on October 26, 2003, February 12, 2004, November 10, 2005 and April 30, 2014. The District and No. 2 are working on a revision to the JFA to identify No. 1's capacity allocation with respect to Water Plant 1.

Ownership of the joint wastewater treatment plant facilities under the amended agreement is as follows: No. 1 -- 40.69%, No. 2 -- 59.31%. Oversight of the operation of joint water supply and wastewater treatment facilities (the "Water and Sewer Joint Facilities") is exercised by No. 2. The District's share of the operating costs for this entity was \$274,328 and \$38,287 for capital expenditures for the year ended December 31, 2016. At this date the District had contributed \$25,000 for an operating reserve at the Water and Sewer Joint Facilities. Each participant records its share of the capital assets of the Joint Facilities in its financial statements.

## NOTES TO THE FINANCIAL STATEMENTS (Continued)

The JFA further provides that the District is responsible for the oversight of the operation of joint storm water pumping facilities (the "Storm Water Facilities"). Ownership of the joint storm water pumping facilities under the agreement is as follows: No. 1 -- 55.00%, No. 2 -- 45.00%. The Storm Water Facilities' activity has been reported as the Special Revenue Fund of the District. The District's share of the operating costs for this entity was \$150,110 and \$727,516 for capital expenditures for the year ended December 31, 2016. At this date the District had contributed \$10,168 for an operating reserve at the Storm Water Facilities. Each participant records its share of the capital assets of the Joint Facilities in its financial statements.

On April 30, 2014, the District entered into a four year lease to acquire additional capacity in the joint sewage treatment plant from No. 2 at a cost of \$67,000 per year. At December 31, 2016, there was one annual payment of \$67,000 due under the terms of this lease. The lease contains termination provisions whereby the lease may be terminated prior to the end of the four year period.

Under the Fourth Amendment to the JFA effective April 30, 2014, the District purchased additional capacity in the joint water plants for \$380,000. The contract states that the District will pay \$36,000 per year for four years and a balloon payment at the end of the four year term. \$27,000 of each \$36,000 payment will be applied to principal reduction. The District paid the \$326,000 balance due on this purchase during the year ended December 31, 2016.

As described in Note 5, developers within the District have advanced funds for the sewage plant capacity and the purchase of water plant capacity.

### NOTE 10: RESERVE FOR POSSIBLE FUTURE MAINTENANCE EXPENDITURES

On April 23, 1986, the District entered into a contract with Harris County Flood Control District. Under the terms of the contract the District was required to initially reserve \$50,000 for the purposes of meeting its future maintenance responsibilities relative to the various flood control facilities constructed within the District. The amount of the reserve is to be no less than one year's estimated maintenance requirements. The District believes that the \$50,000 presently reserved is adequate for this purpose.

### NOTE 11: REGIONAL WATER AUTHORITY FEES

The North Harris County Regional Water Authority (the "Authority") was created by House Bill 2965, Acts of the 76th Legislature, Regular Session 1999, and was confirmed by an election held on January 15, 2001. The Authority is a political subdivision of the State of Texas, governed by an elected five member Board of Directors. The Authority is empowered to, among other powers, "acquire or develop surface water and groundwater supplies from sources inside of or outside of the boundaries of the authority and may conserve, store, transport, treat, purify, distribute, sell and deliver water to persons, corporations, municipal corporations, political subdivisions of the state, and others, inside of and outside of the boundaries of the authority." The Authority is also empowered to "establish fees and charges as necessary to enable the authority to fulfill the authority's regulatory obligations." In accordance with this provision, as of December 31, 2016, the Authority had established a well pumpage fee of \$2.40 per 1,000 gallons of water pumped from each regulated well. The District's pumpage fees payable to the Authority during the fiscal year were \$122,232, paid through the Water and Sewer Joint Facilities described in Note 9. The District billed its customers \$150,683 during the fiscal year to pay for the District's share of the fees charged by the Authority.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

**NOTE 12: STRATEGIC PARTNERSHIP AGREEMENT**

Effective December 13, 2010, the District and the City of Houston (the "City") entered into a 30 year Strategic Partnership Agreement (the "Agreement"). Under the terms of the Agreement, the City annexed a portion of the District (the "Partial District") for the limited purposes of applying the City's Planning, Zoning, Health, and Safety Ordinances within the Partial District. The Agreement states that the District and all taxable property within the District shall not be liable for any present or future debts of the City and current and future taxes levied by the City shall not be levied on taxable property with the District. The City agreed that it will not annex the District for full purposes or commence any action to annex the District for full purposes during the term of this Agreement.

The City imposed a Sales and Use Tax within the boundaries of the Partial District at the time of the limited-purpose annexation of the Partial District. The Agreement provides that the City shall pay to the District one half of all Sales and Use Tax revenues generated within the boundaries of the Partial District and received by the City from the Comptroller of Public Accounts of the State of Texas. The District accrued Sales and Use Tax revenues of \$21,356 from the City for the year ended November 30, 2016, of which \$900 was receivable at that date.

**NOTE 13: GROUNDWATER BANK CERTIFICATES**

The District has purchased Groundwater Bank certificates directly from the issuer, the Harris-Galveston Subsidence District (the "HGSD"). These certificates expire in 20 years and allow the bearer to pump the quantity of water specified on the certificate from wells instead of using surface water as mandated by the HGSD. Certificates can also be used in lieu of a disincentive fee assessed by the HGSD for ground water pumpage in excess of the District's permit, as amended. At December 31, 2016, the District had in its possession certificates totaling 10,584 thousand gallons of water. The District values the certificates at cost which resulted in a total cost basis for the certificates on hand of \$4,347 at December 31, 2016.
